JHANSI LAKSHMI PRASAD

Software Engineer | Front-End Developer

8179416127 | jhansiprasad18@gmail.com | LinkedIn: jhansiprasad818

PROFESSIONAL SUMMARY

Front-End Developer with 1 year of experience at Nimble International (June 2025–Present) developing responsive, user-friendly web applications. Proficient in React.js, HTML5, CSS3, JavaScript, Bootstrap, Java, Python, SQL and AWS fundamentals. Experienced in Agile development, UI optimization, debugging and Git-based version control. Seeking a Software Engineer / Front-End Developer opportunity to build scalable applications.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Bootstrap, Responsive Design
Programming: Java, Python
Database: SQL, DBMS
Cloud: AWS (EC2, S3, IAM, VPC)
Tools: Git, GitHub, VS Code
Concepts: REST APIs, OOP, Agile/Scrum, Debugging

PROFESSIONAL EXPERIENCE

Front-End Developer | Nimble International | June 2025 – Present

• Designed and developed responsive web interfaces using React.js, HTML5, CSS3 and JavaScript.

• Built reusable UI components and improved application usability and performance.

• Integrated REST APIs and resolved UI issues through debugging and testing.

• Collaborated with developers, testers and stakeholders in Agile sprint cycles.

• Managed source code using Git and GitHub while following coding standards.

PROJECTS

Agile VPC Scaling – Designed scalable AWS infrastructure using VPC, EC2, ELB, Auto Scaling and CloudWatch.
Hospital Information System – Developed an integrated healthcare management application with secure data handling.

CERTIFICATIONS

• AWS Certified Cloud Practitioner
• JavaScript Essentials – Cisco
• Database Fundamentals – Microsoft
• Front-End HTML – Great Learning

EDUCATION

MCA – Dr. B.R. Ambedkar University (2021–2023) – 80%
BCA – Kakinada Sri Aditya Degree College (2018–2021) – 77%
